Dear Sir:

Applicant is in receipt of the Office Action dated March 26, 2008.

Applicant respectfully requests reconsideration of the Restriction Requirement. In particular, it is believed that multiple groups can be searched and examined together without undue burden. Considerable time and expense will be saved if all species can be considered at this time, rather than pursuing multiple divisional applications. Reconsideration of the Restriction is earnestly solicited.

In any event, to provide a complete response, Applicant hereby elects Group 1 (claims 1 – 12 and 43 - 45), as that Group is defined in the Office Action.

In addition, the Examiner has indicated that if Group I is selected, that Applicant must select one embodiment from each of the following groups. Applicant hereby provisionally elects the following:
